CERTIFICATION SBA-Certified SDVOSB (VetCert)	COVERAGE Nationwide

COMPANY OVERVIEW

Referenced work • measurable outcomes

Senior technical delivery backed by referenced work.

JJT & Associates delivers cloud, network, DevOps, and secure data/application modernization across federal, state/local, and regulated commercial environments. Senior technical personnel stay close to architecture, implementation, operations, and stakeholder decisions.

DELIVERY MODEL

Senior, hands-on execution

MARKETS

Federal • State/Local • Regulated Commercial

PROOF

Four Core Capabilities — Proven in Delivery

REFERENCED WORK + MEASURABLE EVIDENCE

01 • CLOUD PLATFORM ENGINEERING & MODERNIZATION

Azure platform operations at enterprise scale

Nan McKay & Associates • Referenced commercial engagement

WORK PERFORMED

- Architected and maintained Azure infrastructure across a multi-year engagement.
- Migrated 500+ users to Azure Virtual Desktop and supported ongoing platform operations.

Result: Sustained Azure operations across multiple renewals while maintaining 99.9% platform uptime.

Demonstrates: cloud architecture, migration, virtual desktop and platform operations.

Continuously renewed

500+

Users migrated

99.9%

Platform uptime

02 • ENTERPRISE NETWORK MODERNIZATION

Cloud-managed networking across a distributed portfolio

Healthcare Realty • Referenced commercial engagement • 2021–2026

WORK PERFORMED

- Deployed Cisco Meraki, Palo Alto, and SD-WAN across 740+ properties.
- Centralized operations to improve visibility and management at scale.

Result: Unified network management across a large distributed property portfolio.

Demonstrates: network modernization, security integration, SD-WAN and centralized operations.

Unified management

03 • DEVOPS & CLOUD INFRASTRUCTURE ENGINEERING

Infrastructure automation and repeatable delivery pipelines

CDW • Referenced commercial engagement • 2021–2024

WORK PERFORMED

- Delivered Azure platform engineering across 6+ enterprise environments.
- Implemented Terraform, Ansible, Azure IaaS/PaaS, and 15+ automated Azure DevOps pipelines.

Result: Established repeatable infrastructure and delivery automation for enterprise workloads.

Demonstrates: Infrastructure as Code, CI/CD automation and platform engineering.

04 • DATA & APPLICATION MODERNIZATION

Security-sensitive federal data support

Rabbit Portal • Federal SIV support initiative

WORK PERFORMED

- Supported data transformation and application workflows for Afghan SIV employment verification.
- Worked under DoD security protocols and CUI handling requirements.

Result: Supported data integrity for a security-sensitive federal SIV workflow.

Demonstrates: data transformation, application support, CUI handling and secure mission delivery.

Data integrity

Reference classification is maintained in JJT's controlled reference matrix. Rabbit Portal is presented as a federal initiative rather than attributed to an unverified direct customer.

◆ CONTRACTING PROFILE

Clear acquisition paths. Current credentials.

Relationship-specific contracting information for acquisition teams, teaming partners, and procurement review — with the vehicle holder, teammate, or subcontractor role stated explicitly.

Contract Vehicles & Acquisition Paths

CURRENT POSITIONING

GEORGIA TECHNOLOGY AUTHORITY

Cloud Engineering & Technical Services

JJT status: awarded vendor for Cloud Engineering & Technical Services.

GSA MULTIPLE AWARD SCHEDULE

Access via LaTronic Solutions - Teaming

LaTronic Solutions LLC is the contract holder · MAS Contract 47QCA25D00ES.

NASA SEWP VI

Team Black Fox Subcontractor

JJT participates through Team Black Fox as a subcontractor; JJT is not the SEWP VI contract holder.

Credentials & Business Status

FEDERAL	SBA-Certified SDVOSB (VetCert)
QUALITY	ISO 9001:2015
BUSINESS	MBE (NMSDC) · DBE

Compliance & Security Support

- **NIST / FISMA:** support aligned to NIST 800-53, NIST 800-171 and FISMA requirements.
- **Zero Trust:** architecture and modernization support.
- **FedRAMP:** readiness, architecture and compliance support — not presented as JJT holding an authorization.
- **CUI / CMMC:** safeguarding and requirements support.

Delivery Proof Points
